

Domain informatie

.fr - France

French .FR domain name registrar

.FR is the toplevel for domain names in France. SecureOnline is an official member of AFNIC. We can register, transfer or change your .FR domain names quickly and efficient.

.FR domains are subject to a name server predelegation check prior to registration. You can perform this check [here](#).

.FR registration requirements

Registration of .FR domain names is available for all European residents.

Private persons

Private persons that want to register a .FR are required to fill in their date of birth.

Organizations

For organizations outside of France a registration number of the Chamber of Commerce is not required. For organizations residing in France the specifics below are required: Business entity type (French organizations only) SIREN/SIRET number (French organizations only)

Requirements for .FR admin contacts

The admin contact for a .FR domain has to be an organization.

Are there specific requirements to register .FR domain names?

Minimum 3 characters. Maximum 63 characters. You can't start or end with a ("") sign.

The Registry for .FR domain names can be found at <http://www.afnic.fr>.

Additional .FR information
