Domein informatie

.eu - Europe
European .EU domain name registrar

.EU is the extension for registration of domains in the European Community. SecureOnline is official member of EURID. We can arrange your registration , transfer or change of your .EU domains quickly and efficient.

Are there specific requirements for the registration of .EU domains?

Minimum 2 characters. Maximum 63 characters. You can't start or end .EU domains with a ("-") sign. And a ("-") can't be in the third of fourth position.

Are IDN domain names supported for .EU domains?

Yes, all non-ASCII characters of the 23 official European languages are supported.

Additional requirements for .EU domains:

The Registry for .EU domains you can find at www.eurid.eu

.EU registration requirements

The following categories of companies, organisations and individuals will be qualified for the registration of .EU domain names: Organisations and companies having their registered office, central administration or principal place of business within the European Community; Organisations established within the European Community without prejudice to the application of national law; Natural persons resident within the European Community.

Additional requirements you can find in Appendix .EU of the General Terms and Conditions. On the moment the registration of .EU domains takes place, the dealer, customer and end-user agree with these additional terms and conditions. The dealer/reseller declares to make the General Terms and Conditions as well as Appendix .EU subject to the contract which he has with his customer or end-user (i.e. the domain name holder).

Additional .EU information

Minimum registration period	1 year
Transfer policy:	The transfer costs include a renewal of the domain. The registration period will change, 1 year renewal will be added to the original expiry date.
Quarantine period:	After deleting/expiring of a domain of this type, the domain will enter into a quarantine period of 40 days. After this the domain will become available for registration. During the quarantine period, the domain can be restored by us. The costs for this procedure are EUR 20,-. The costs of a quarantined domain transfer are EUR 80,-.
Contract required?	No
