

Domain informatie

.uk - United Kingdom

United Kingdom .UK domain name registrar

.*.UK is the extension for domain names in the United Kingdom. SecureOnline is an official member of Nominet. We arrange for registration, transfer or change of your .*.uk domain name quickly and efficient.

For who is a .*.uk domain name registration meant?

*.uk is divided in different second level domain names (SLDs), for each type SLD there are different rules:

- co.uk For commercial companies
- .me.uk For individuals
- .org.uk For commercial companies and organisations
- .ltd.uk Only for registered trademarks
- .plc.uk Only for registered trademarks
- .net.uk For internet service providers

.UK registration requirements

Minimum 3 characters. Maximum 63 characters. At least two character has to be in the domain name (not only numbers). You can't start or end a .*.uk domain name with a ("-") sign. You can't begin with ("xn----").

Additional .UK information

Additional requirements you can find in Appendix .*.uk of the General Terms and Conditions. Upon registration of a .*.uk domain name, the dealer, customer and end-user agree with these additional terms and conditions. The dealer/reseller declares to make the General Terms and Conditions as well as Appendix .*.uk subject to the contract which he has with his customer or end-user (i.e. the domain name holder).
